St. Joseph Health Systems improves visibility and contract administration with CobbleStone's Contract Insight Solution

The St. Joseph Health System (SJHS) is an integrated healthcare delivery system sponsored by the **St. Joseph Health Ministry** and organized into three regions: Northern California, Southern California and West Texas/Eastern New Mexico. They provide a full range of care from facilities including 14 acute care hospitals, home health agencies, hospice care, outpatient services, skilled nursing facilities, community clinics, and physician organizations.

Issues St. Joseph Health Systems was facing that required them to seek a contract management solution

St. Joseph Health System was faced with a challenge: to seek out an electronic filing catalog system for storing health plan contracts for 12 hospitals. They also needed the capability to distribute files via e-mail and needed a secure way to view documents.

Why St. Joseph Health Systems chose CobbleStone Systems Contract Insight Contract Management Software

Contract Insight offered St. Josephs Health System many features that met their requirements. CobbleStone's system featured capability, no capacity limitation and customization. They also think it is convenient that they can input, edit and delete information themselves without having to go through the vendor. Christie, Executive Assistant for St. Joseph Health System, said, "The price was right, CobbleStone offers training and terrific customer service!"
